LCC cable tray conduit clamps

Applications:

LCC cable tray conduit clamps are used for installation on cable tray side rails with inside flanges (requiring inside tray mounting) and outside flanges; LCCF clamps are for use exclusively on inside flanges

LCC/LCCF cable tray conduit clamps:

- Provide a means of clamping metal conduit (rigid steel or aluminum, IMC and EMT) to cable tray to provide for the exit of power and/or control cables from tray
- Provide a means to firmly bond exit conduit to cable tray for best grounding continuity
- Provide strong mechanical support for exit conduits and cables
- Can be used indoors or outdoors, wherever cable tray systems are installed
- Facilitate the safe exit of cables from tray ensure protection of cables from damage

Features:

- Quick and easy installation low installed cost; merely tighten clamp nut and/or set screw(s)
- Swivel hook clears conduit; no disassembly required for installation
- No drilling or welding necessary for installation
- Provides superior ground continuity between conduit and cable tray
- Clamps conduit at any angle with relation to tray facilitates wire pulling, minimizes conduit bending
- Malleable iron body provides great strength
- Knurled body has no-slip surface for conduit and tray positive grip assured
- Compact design has low profile minimum tray space required for assembly
- Design accommodates all popular types of cable tray
- \bullet Accommodates wide range of conduit sizes $^1\!/_{\!2}"$ through 4"

LCCF features

- Outside mounting facilitates inside rail installation
- · Adjustable hook assures positive grip on inside rail
- Accommodates 3/4" through 13/4" wide flange

Certifications and compliances:

• UL standard: 467 - Grounding and Bonding Equipment

Standard materials:

- Body cast iron
- Hook steel
- Set screws and clamping nut steel
- · Hook cap vinyl

Standard finishes:

- Cast iron electrogalvanized and aluminum acrylic paint
- Steel zinc electroplate
- Vinyl natural

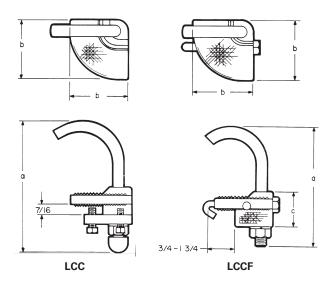

LCC (for use with outside rail tray)

LCCF (for use with inside rail tray)
