

## Predator® Large

Hazardous Locations

### Description

The Hazardous Predator LED floodlights are built to withstand the harshest environments without sacrificing performance. Versatile and efficient, Hazardous Predator LED floodlights offer superior field to beam ratios in a rugged, corrosion-resistant housing. The Hazardous Predator LED floodlight offers one-for-one replacements for 400W to 1000W HID while offering up to incredible energy savings.

### Optics

- Highly specular internal reflector provides superior field to beam ratios.
- NEMA distribution choices of 4X4, 4X5, 5X5, 6X5, and 6X6 provide uniform illumination for any application.
- Borosilicate prismatic glass lens doesn't fade, discolor or otherwise degrade in harsh environments optimizing light levels over time.
- Replaces 400-1000 watt HID luminaires.

### Electrical

- CRI > 70 (nominal) is standard.
- 4000 K or 5000 K CCT available.
- Surge protection device provides IEEE/ANSI C62.4 C (10kV/5kA) level of protection.

### Mechanical

- Robust cast aluminum housing with low copper content (0.6% CU content) and durable epoxy finish withstands harsh and hostile environments.
- Designed to withstand 3G vibration.
- Stainless steel yoke mount.
- Removable door contains all driver and LED components and includes quick electrical disconnects.
- Rated -40°C to 40°C ambient.

### Listings

- UL 844 Class I Div II Group A, B, C, D
- UL 1598 Wet location
- IP66
- Temperature code: T2B

### Warranty

5-year limited warranty. Complete warranty terms located at: [www.acuitybrands.com/CustomerResources/Terms\\_and\\_Conditions.aspx](http://www.acuitybrands.com/CustomerResources/Terms_and_Conditions.aspx).

**NOTE:** Actual performance may differ as a result of end-user environment and application. All values are design or typical values, measured under laboratory conditions at 25 °C. Specifications subject to change without notice.

### Typical Applications

- Petroleum refineries
- Ethanol facilities
- Chemical plants
- Waste water & water treatment plants
- Power generation plants
- Paper mills
- Industrial perimeters
- Foundries
- Manufacturing plants

### Dimensions: Inches (millimeters) unless otherwise noted.

Height: 18.7 (475)  
Width: 26.4 (670)  
Depth: 10.6 (268)  
Weight: 73 lbs. (33 kg)  
Max EPA = 3.8ft<sup>2</sup> (0.35 m<sub>2</sub>)

## ORDERING INFORMATION

**Example:** HPFL 8MOD 50K 1050MA MVOLT 44PG YMS2 DGXD

Series	Performance Package	Drive Current	Distribution	Voltage	Color Temperature
HPFL	7MOD 7 Modules	1050MA 1050 mA driver	44PG 4x4 prismatic glass	MVOLT Autosensing (120V-277V)	40K 4000K
	8MOD 8 Modules	700MA 700 mA driver	45PG 4x5 prismatic glass	120 120V	50K 5000K
	9MOD 9 Modules		55PG 5x5 prismatic glass	208 208V	
			65PG 6x5 prismatic glass	240 240V	
			66PG 6x6 prismatic glass	277 277V	

Mounting	Power Cord / Wiring box	Options	Primary Finish
YMS2 Yoke Stainless Steel	0463 4' power cord 16 gauge, with wiring box	NL Nema Label	DBXD Black super durable with epoxy primer
YMG2 Yoke Galvanized	0443 4' power cord 14 gauge, with wiring box	SF Single Fusing ‡	DGXD Gray super durable with epoxy primer
YMS3 Yoke Stainless Steel 3G	0423 4' power cord 12 gauge, with wiring box	DF Double Fusing ‡	DGRXD Graphite super durable with epoxy primer
YMG3 Yoke Galvanized 3G			DWHXD White super durable with epoxy primer
			BZXD Bronze super durable with epoxy primer

Accessories: Order as separate catalog number.			
HPFLV XXX	Full visor, XXX denotes color ‡	HPFLVG	Vandal guard ‡
HPFLUBV XXX	Upper/bottom visor, XXX denotes color ‡	HPFLWG	Wire guard ‡

‡ Option Value Ordering Restrictions	
Option value	Restriction
DF	Must specify voltage 208, 240 or 480V. Fusing not permitted for use in Canada per C22.2 No. 137 clause 3.4.11.
HPFLV-XXX	Not available with other visor and guard accessories.
HPFLUBV-XXX	Not available with other visor and guard accessories.
HPFLVG	Not available with other visor and guard accessories.
HPFLVWG	Not available with other visor and guard accessories.
SF	Must specify voltage 120, 240, 277 or 347V. Fusing not permitted for use in Canada per C22.2 No. 137 clause 3.4.11.
